

# GT-FTCMF

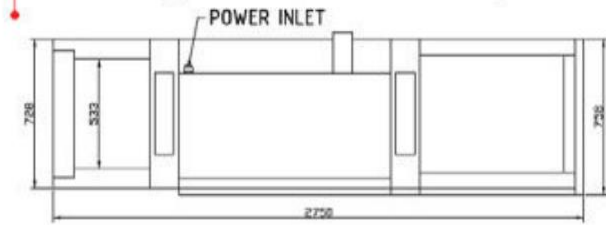

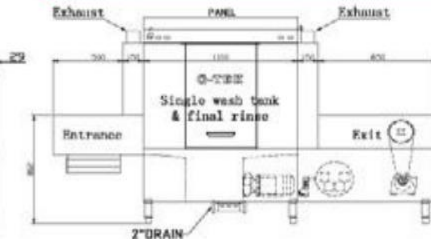

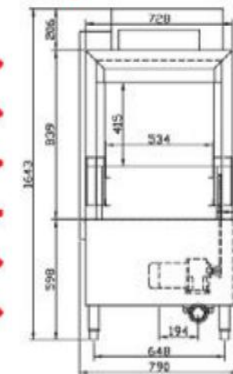

MINI FLIGHT TYPE DISH WASHER GT-FTCMF

## Characteristics

- Auto conveyor stop
- HACCP certified machine
- High efficient performance
- 2HP ABB powerful wash motor
- All stainless steel wash tank components
- Require less space than conveyor machine
- Safe when conveyor jam
- Ensure hygiene standard
- Higher productivity
- Superior washing results
- Durable & reliable
- Saves space

Technical Data	GT-FTCMF
Auto fill	Yes
Auto door sensor	Yes
Built-in booster heater	Yes
Auto energysaving system	Yes
Wash motor	2HP
Booster tank capacity	21 ltr
Wash tank capacity	83 ltr
Wash tank heater	9kW
Machine weight	485kg
Conveyor motor	0.55 kW
Loading height	450mm
Booster heater	4x9kW
Conveyor speed	1.5–2.0 m / min
Heating mode	Steam or electrical
Rack size	500 mm x 500 mm
Powersupply	415V/50Hz/3Phase
Rinse consumption	1.0 to 1.5 ltr / rack
Dimension	W 3350mm x D 828 mm x H 1643 mm 40 kW /
Electrical loading	56 A / 3 Phase (alternative heating) 240-300
Machine capacity	racks, 6400–8000 pcs 6" plates/hr

Optional dryer	Length	Height	Dryer Heater	Motor
Optional dryer	800mm	2059 mm	9 or 13.5 kW	1 HP
Optional double rinse	480mm	1437 mm	-----	0.34HP
